Important Information

BEFORE PURCHASING ANY INVESTOR SHARES IN THE SUB-FUND DESCRIBED IN THIS OFFERING SUPPLEMENT, YOU SHOULD MAKE SURE THAT YOU FULLY UNDERSTAND THE NATURE OF THIS INVESTMENT, THE RISKS ASSOCIATED WITH IT AND YOUR OWN PERSONAL CIRCUMSTANCES. IF YOU ARE NOT CERTAIN ABOUT THE CONTENTS OF THIS OFFERING SUPPLEMENT, YOU SHOULD SEEK THE ADVICE OF A SUITABLY QUALIFIED ADVISOR. YOU SHOULD ALSO REFER TO THE LATEST VERSION OF THE PROSPECTUS WHICH ACCOMPANIES THIS OFFERING SUPPLEMENT AND WHICH DESCRIBES THE COMPANY AND PROVIDES GENERAL INFORMATION ABOUT OFFERS OF INVESTOR SHARES IN THE COMPANY. YOU SHOULD NOT TAKE ANY ACTION IN CONNECTION WITH THIS OFFER OF INVESTOR SHARES UNLESS YOU HAVE RECEIVED A COPY OF THE PROSPECTUS.

Suitability of Investment

Before investing in the Sub-Fund, you should inform yourself of how you could be affected by: (a) any possible tax consequences; (b) any legal and regulatory requirements; (c) any applicable foreign exchange restrictions or exchange control requirements; (d) any governmental or other consents or formalities that you might require or otherwise encounter under the laws of your country of citizenship, residence or domicile and which might affect your acquisition, holding or disposal of Investor Shares or receipt by you of income from such Investor Shares.

The value of the Investor Shares will fluctuate, and there is no guarantee that you will make a profit, or that you will not make a loss, on your investment. Refer also to the Section of the Prospectus entitled “Risk Factors”. The Risk Factors outlined in the Prospectus are sufficiently exhaustive to also cater for any specific risks which may apply for an investment in the Sub-Fund.

An investment in the Investor Shares by you is best undertaken after you are satisfied, possibly after obtaining advice from a suitably qualified advisor, that you have properly assessed the merits and risks associated with the investment and that your financial resources are adequate to enable you to bear any potential losses that may arise. The contents of this Offering Supplement and of the Prospectus are not intended to contain, and should not be regarded as containing, advice relating to taxation, legal advice, investment advice or any other matter.

Restrictions on Distribution outside Malta

The offer of Investor Shares pursuant to this Offering Supplement is deemed to be an offer of securities to the public in terms of the Companies Act, however, the distribution of this Offering Supplement, the Prospectus, the PRIIPs KID and the offering of Investor Shares may be restricted in other jurisdictions. This Offering Supplement does not constitute, and may not be used for the purposes of, an offer or solicitation to anyone in any jurisdiction in which such offer or solicitation is not authorised, or to any person to whom it is unlawful to make such offer or solicitation. Persons to whose attention this Offering Supplement may come are required to inform themselves about, and to observe, such restrictions.

Investment Objective, Policy and Restrictions

Investment Objective

The objective of the Sub-Fund is to generate capital appreciation over a long-term horizon by investing in equities on a global basis.

There is no guarantee that the investment objective of the Sub-Fund will be achieved and investment results may vary substantially over time.

Investment Policy

The sub-fund's assets are invested in equities of companies that have an Environmental, Social and Corporate Governance (ESG) focus. Within the security selection process, the sub-fund applies generally accepted strategies for the implementation of the ESG approach. The ESG performance of a company is evaluated independently from financial success based on a variety of indicators, which consider ecological and social objectives as well as corporate governance. For the assessment, transparency as well as the product and service range of a company will be taken into consideration.

The Sub-fund's approach is to be a long-term investor in its chosen stocks. It will not adopt short-term trading strategies.

The investment process comprises two different sets of selection criteria:
1) The first selection process will follow stringent investment criteria in selecting securities for the Sub-fund's investment portfolio. These criteria aim to ensure that the Sub-fund invests in high quality companies:

- That realize a high and sustainable return on operating capital employed;
- That realize high and sustainable free cash flows;
- Who dispose of competitive advantages which are difficult to replicate;
- which do not require significant leverage to generate returns;
- with a strong growth profile;
- that are resilient to change, particularly technological innovation;
- whose valuation is considered by the Sub-fund to be attractive.

2) In a second phase, the shortlisted equities will be screened on the ESG parameters and final selection will be made in line with the internal ESG policy of the Sub-Investment Manager:

Investors should be aware that the application of these investment criteria significantly limits the number of potential investments which the Sub-fund will consider to be appropriate investments for the Sub-fund's portfolio.

The Sub-Fund does not have a geographical bias but will mainly consist of companies in developed markets and listed on regulated exchanges. The Sub-Fund will mainly invest in equities with a market capitalization covering large to mid-cap companies.

Investments made by the Sub-Fund will be subject to ongoing monitoring by the Sub-Investment Manager. Allocations of the Sub-Fund's assets may be adjusted to reflect the degree to which an investment meets the ESG criteria.

The Sub-Fund shall not invest in units of other UCITS Schemes or other collective investment schemes.

Use of Derivatives

The Sub-Fund uses financial derivative instruments for hedging and/or efficient portfolio management. These financial derivative instruments shall only be dealt on a Regulated Markets and are limited to options and futures contracts on equity indices and individual equities.

The Sub-fund will not hedge any currency exposure.

In pursuing its Investment Objective and Investment Policy, the Sub-Fund will

	be subject to the Investment, Borrowing and Leverage Restrictions set out in the Section of the Prospectus entitled “Investment Objectives, Policies and Restrictions”.
Investment and Borrowing Restrictions	The global exposure of the Sub-Fund arising out of its FDI positions will be measured on the basis of the Absolute VAR approach as set out in the MFSA Rules.
Global Exposure	The Value-at-Risk approach (absolute VAR) is used to calculate the Global Exposure of the Sub-Fund and will not exceed 20%. The Sub-Funds global exposure relating to derivative instruments will not exceed the total net value of the portfolio. The expected level of leverage of the Sub-Fund could is 150%, calculated as the sum of notional value of derivatives used. The actual level of leverage of the Sub-Fund might change over time and might temporarily exceed or be inferior than the expected level of leverage of derivatives of the Sub-Fund. The sum of notional methodology does not allow for the netting of financial derivative instrument positions which can include hedging transactions and other risk-mitigating strategies. As a result, financial derivative instrument rollovers and strategies relying on more highly leveraged instruments, may contribute to an increase in the level of leverage whereas they may not increase or only moderately increase the overall risk profile of the Sub-Fund which is monitored and limited according to the UCITS regulation.
Approved Regulated Markets	As per the Prospectus.

Integration of Sustainability Risks

This Sub-Fund promotes environmental or social characteristics but does not have as its objective a Sustainable Investment. The Sub-Fund may invest in sustainable investments and may invest in economic activities that qualify as environmentally sustainable under Regulation (EU) 2020/852 (the Taxonomy Regulation). No index has been designated as a reference benchmark for the purpose of attaining environmental or social characteristics promoted by the Sub-Fund.

In managing the investments of the Sub-Fund, the Sub-Investment Manager takes into account Sustainability Risks and the potential impact of such risks on the returns of the Sub-Fund’s investments. A sustainability risk is an environmental, social or governance (“ESG”) event or condition that, if it occurs, could cause an actual or a potential material negative impact on the value of an investment.

The Sub-Fund promotes environmental and/or social characteristics within the meaning of Article 8 of Regulation (EU) 2019/2088 ("SFDR")and promotes environmental and/or
social characteristics as described in the Prospectus and Addendum to this Offering Supplement entitled “**Pre-Contractual Disclosures**”.

Notwithstanding the above, and albeit third party ESG data and due diligence are employed when considering ESG risks and their potential impact on the Sub-Fund’s returns, such third party ESG data may be difficult to obtain and/or incomplete, estimated, out of date or otherwise inaccurate. In particular, data may be more readily available and/or reliable in certain countries, markets and/or industries where the Sub-Fund invests, making direct comparison of the ESG risks relevant to different investments difficult. In addition, due diligence relies on the availability and accuracy of various sources, such as company disclosures and other third-party information, which often include forward looking statements of intent and are not necessarily fact-based or objectively measurable. The Sub-Investment Manager is also dependent on the subjective judgements on ESG risks of its investment analysts. Each of the foregoing means that an ESG risk relevant to a particular investment may not be identified prior to the investment being made and losses may be suffered as a result.

The Offering

Share Offer

This Offering Supplement is supplemental to, and must be read in conjunction with, the Prospectus issued by the Company.

The Offering Supplement constitutes an offer of Investor Shares in the Sub-Fund which is initially comprised of four (4) classes of Investor Shares. Up to 100,000,000 shares in respect of the "A" Accumulation Class, "A" Distribution Class, "B" Accumulation Class, and the "B" Distribution Class. The investor shares have no nominal value.

The offering of the Investor Shares at the Initial Offering Price commences at 10a.m (10.00 hours) (CET) on the 28th of July 2017 and closes on the Closing Date.

During the Offering Period, which will commence after the Closing Date, the offer will be for Investor Shares at the Offering Price applicable on the relevant Subscription Day. The Offering Period may be extended at the discretion of the Directors following notification to the MFSA, unless a 12-month period from the date of licencing of the Sub-Fund has elapsed.

Purchase, Transfer and Exchange of Shares

Investor Shares can be purchased at the prevailing Subscription Price, by submission to the Company at the office of the Administrator of the relevant and properly completed Subscription Application prior to the Subscription Notice Deadline. Subscription requests received after the cut off time for receipt of subscriptions requests will be processed on the following Subscription Day.

If the Subscription Application is not received as required, then the Subscription Application may be rejected or held over until the next Subscription Day at the discretion of the Company. In the event that an application is rejected, any application monies received will be returned without interest by telegraphic transfer to the remitting bank at the discretion of the Company at the risk and expense of the Subscriber. Subject to the satisfaction of the requirements set out above, Investor Shares shall be issued to successful Subscribers on the relevant Subscription Day.

No application will be capable of withdrawal after acceptance by the Administrator, unless such withdrawal is approved by the Directors acting in their absolute discretion. In such circumstances, the Company may charge the Subscriber for any expense incurred by the company and for any loss to the relevant Sub-Fund arising out of such withdrawal.

The Administrator will generally issue written confirmation of ownership to a Shareholder within two (2) Business Days after the applicable Subscription Day.

Payment should be effected as described in the Subscription Agreement, Transfer Form and the Exchange of Shares Application Form which are available from the Administrator. At the Company's discretion, payments may be accepted other than in cash. All payments for Investor Shares must be made in the base currency of that class of Investor Shares and be received in Cleared Funds in any event before 16.00pm (CET) on the Settlement Date. Any applicable bank charges will be borne by the Subscriber.

If payment in full in Cleared Funds in respect of an application has not been received by the relevant Settlement Date or in the event of non-clearance, any allotment or issue of Shares made in respect of such application shall be cancelled and the Directors may charge the Subscriber up to 5% expense fee and for any loss to the Sub-Fund arising out of such non-receipt or non-clearance.

If timely payment has not been received within the settlement period, the Subscription may lapse and be cancelled at the cost of the Subscriber or the Subscriber's financial intermediary. Failure to make payment on the agreed payment date may result in the Company bringing an action against the defaulting Subscriber or the Subscriber's financial intermediary or deducting any costs or losses incurred by the Company or the Administrative Agent against any existing holding of the Subscriber in the Company.
Monies returned will be at the risk and expense of the Subscriber.

Full details of the application and subscription process appear in the Section of the Prospectus entitled "Purchase, Exchange and Transfer of Shares".

A Subscription Application and other related documentation will be provided upon request by the Administrator or by an Authorised Distributor.

Redemption of Shares and Liquidity Management

Redemption of Shares

Investor Shares may be redeemed on any Redemption Day at the prevailing Redemption Price, upon submission to the Administrator of a duly completed Redemption Notice prior to the applicable Redemption Notice Deadline.

Redemption requests received after the applicable cut-off time shall be processed on the next Redemption Day.

Redemption requests, once accepted by the Company, shall be irrevocable, except with the consent of the Directors acting in their sole discretion.

Subject to the provisions set out below, redemption proceeds shall generally be paid within seven (7) Business Days from the relevant Redemption Day.

Liquidity Management Tools

In order to ensure the fair treatment of Shareholders and to protect the interests of the Sub-Fund, the Company may, in accordance with applicable laws and regulations, apply one or more of the following liquidity management tools ("LMTs").

a) Redemption Gate

The Directors may, in their absolute discretion and where they consider it to be in the best interests of the Sub-Fund and its Shareholders, limit the total amount of redemptions and/or exchanges effected on any Redemption Day to fifty per cent (50%) of the Net Asset Value of the Sub-Fund or fifty per cent (50%) of the outstanding Investor Shares, calculated as at the relevant Valuation Day.

Where the aggregate redemption and/or exchange requests exceed such limit, the Company may scale down such requests on a pro rata basis among all requesting Shareholders.

The portion of any redemption and/or exchange request which is not satisfied shall be deferred to the next Redemption Day and, if necessary, to subsequent Redemption Days until the request has been satisfied in full. Deferred requests shall be processed at the Redemption Price applicable on the Redemption Day on which they are executed.

The Directors may determine that deferred redemption requests shall have priority over subsequent requests, provided that all Shareholders are treated fairly and in accordance with applicable law and regulation.

b) Extension of Notice Periods

In exceptional circumstances, including but not limited to significant redemption requests, market disruption, reduced market liquidity, foreign exchange constraints, or operational disruptions affecting the Sub-Fund or its service providers, the Directors may temporarily extend the Redemption Notice Deadline applicable to the Sub-Fund.

Any such extension shall be applied only for such period as the Directors deem necessary to allow for the orderly realisation of assets and the fair treatment of Shareholders.

Shareholders shall be informed of any such extension in accordance with applicable laws and regulations.

c) Suspension of Subscriptions, Redemptions and Repurchases

The Company may temporarily suspend the issue, conversion, repurchase and/or redemption of Investor

Shares and/or the calculation of the Net Asset Value of the Sub-Fund in the circumstances described in the Prospectus and in accordance with applicable laws and regulations, including where market conditions, operational constraints or regulatory considerations so require.

Any such suspension shall be applied only on a temporary basis and in the best interests of Shareholders.

d) Side Pockets

Where certain assets of the Sub-Fund become subject to exceptional circumstances affecting their valuation, liquidity or disposal, including where such assets become illiquid or difficult to value, the Directors may, in accordance with applicable laws and regulations and subject to any required regulatory approval, segregate such assets into a separate class, compartment or arrangement ("Side Pocket").

The purpose of any Side Pocket shall be to ensure the fair treatment of Shareholders and to protect the interests of the Sub-Fund and remaining liquid assets.

The operation, valuation and treatment of any Side Pocket shall be conducted in accordance with the Prospectus, the constitutional documents of the Company and applicable laws and regulations.

e) Delay in Payment of Redemption Proceeds

While redemption proceeds are normally paid within seven (7) Business Days, payment may be delayed in exceptional circumstances where this is necessary to allow the Sub-Fund to realise assets, repatriate funds, or otherwise manage liquidity in an orderly manner.

Any such delay shall be limited to the shortest period reasonably necessary and shall be carried out in the best interests of Shareholders and in accordance with applicable laws and regulations.

f) General

The application of any liquidity management tool shall be based on the principle of fair treatment of Shareholders and the protection of the integrity of the Sub-Fund.

The Directors shall ensure that any such measures are applied in a transparent and proportionate manner, taking into account the prevailing market conditions and the liquidity profile of the Sub-Fund's assets.

Pricing

The calculation of the NAV of the Sub-Fund and of the NAV per Share shall be effected by the Administrator at each Valuation Day in such manner as is stated in the Prospectus under the section entitled "Net Asset Value Calculation". The NAV per Share will be available from the Administrator and will be published on the the website of most recognised data providers and on www.beama.be on a daily basis.

Duration of the Sub-Fund

The Duration of the Sub-Fund is indefinite.

The Investment Committee & Portfolio Management Function

The Directors have appointed an Investment Committee to assist them in performing their duties as set out in the Prospectus. The Investment Committee shall be composed of no less than three (3) persons, all of whom individuals, duly approved by the MFSA and appointed by the Board of Directors who shall operate in accordance with the Terms of Reference of the Investment Committee (as may be amended from time to time subject to the approval of the MFSA. As at the date of this Offering Supplement, the members of this Committee are:

The above-mentioned Investment Committee members have all been appointed as voting members thereof and, accordingly, are each entitled to attend, speak, and vote at meetings of the Investment Committee. One of the Investment Committee members shall, at all times, be appointed as an independent Investment Committee member and who shall not be involved in any portfolio management function in relation to any sub-fund of the Applicant. The current independent Investment Committee member is Mr Luc Picarelle.

Pursuant to its Terms of Reference, the Investment Committee performs the functions as outlined below or as may otherwise be assigned to the Investment Committee from time to time by the Board:

i. Undertake portfolio investment activity and monitor and review the investment policy of the Fund with a view to ensuring compliance with its investment parameters and restrictions;

ii. establish and review on a regular basis appropriate guidelines and parameters for the general investment strategy relating to the assets of the Sub-Funds;

iii. draw up and review on a regular basis a Global List of securities, collective investment schemes and other instruments. The Global List shall include those instruments, which, in the opinion of the Investment Committee represent appropriate investments in the respective asset class.

iv. monitor and review the investment policy and performance of the Sub-Fund;

v. defining, setting, reviewing, and monitoring the investment strategy for the Sub-Fund and for reviewing the activities and performance of the Portfolio Managers and, if appointed, the Investment Advisors;

vi. issuing of rules for stock selection; and

vii. report to the Board of Directors.

The Investment Committee will meet, at least, quarterly with the majority of meetings being held in Malta. In addition to the abovementioned quarterly meetings, the Investment Committee may also meet on an ad-hoc basis as may be required from time to time. Any one of the Investment Committee members shall be able to call an ad-hoc Investment Committee meeting. Reference is made to the relevant Terms of Reference.

On a quarterly basis, the Investment Committee shall, in turn, report to the Board providing *inter alia* a summary of its activity over the relevant quarter.

The Company has appointed Invest4Growth Asset Management Ltd. as Sub-Investment Manager in respect of the Sub-Fund. The Sub-Investment Manager was incorporated in Malta on 29th July 2015 and has its registered office address situated at7, Triq il-Kbira, Naxxar, Malta. The Sub-Investment Manager is appointed pursuant to a Sub-Investment Management Agreement entered into by and between the Company and the Sub-Investment Manager (the "**Sub-IMA**").

The Sub-Investment Manager is authorised and regulated by the MFSA with reference number IS/71649.

The Company has delegated the management of the portfolio of assets comprising the Sub-Fund to the Sub-Investment Manager with full discretion, subject to the overall policy guidance, control, and review by the Investment Committee, to invest such assets in pursuit of the investment objectives and subject to the investment restrictions described in this Offering Supplement. In carrying out its duties and responsibilities pursuant to the Sub-IMA, the Sub-Investment Manager has agreed to exercise its powers and discharge its duties honestly, in good faith, with the care, skill, prudence and diligence that a reasonably prudent and experienced investment manager acting in a like fiduciary capacity and familiar with advising on trading matters would use in the conduct of an enterprise of like character and aims, and in the best interests of the Sub-Fund in the course of the management of the Sub-Fund's portfolio.

The Sub-IMA provides that the Sub-Investment Manager will not be liable for any loss arising in connection with the subject matter of the Sub-IMA unless the loss arose out of the negligence, wilful misconduct or lack of good faith or other breach by the Sub-Investment Manager of the provisions of the Sub-IMA or any other agreement entered into by the Sub-Investment Manager with the Company in relation to the management of the portfolio. Pursuant to the Sub-IMA, the Sub-Investment Manager has agreed to indemnify the Company and the Sub-Fund against losses as a result of such wrongful acts.

The Sub-IMA further provides that the agreement may generally be terminated by a party providing at least ninety (90) days' prior notice. Such agreement may be terminated without notice in the case of material breaches, liquidation of a party, breach of representations and warranties and/or if it ceases to be lawful for the Sub-Investment Manager to continue to provide its services.

The Sub-IMA is regulated by the laws of Malta and is subject to the jurisdiction of the Maltese courts.

The fees payable to the Sub-Investment Manager shall be paid by the Sub-Fund.

The Company maintains a policy (the "**ESG Policy**") which integrates Sustainability Risks and opportunities into its research, analysis, and investment decision-making processes in respect of ESG issues, where applicable. The ESG Policy forms an integral part of its investment process and seeks to mitigate ESG and Sustainability Risks by ensuring that the investment management, where possible and applicable, only invests in companies or assets that are operated in an environmentally responsible manner, with respect for human rights and labour rights and providing good, healthy, and safe working conditions and promote good governance conduct, always to the extent applicable and appropriate. Where applicable, consideration of potential ESG and Sustainability Risks related to a company or asset is integrated in the Company's investment process, from transaction sourcing and selection to approvals and execution.

The consideration of Sustainability Risks and opportunities, when applied, may have a material impact on long-term returns for Shareholders. In this respect, please refer to the section of this Offering Supplement entitled "**Integration of Sustainability Risks**", as well as to the section of the Prospectus entitled "**Risk Factors**".

Potential risks are further identified in the due diligence process, by means of screening for ESG

controversies or further ESG analysis as warranted in context of the specific investments and addressed for each investment on a case-by-case basis pursuant to the Company's risk management framework and ESG Policy.

The Sub-Investment Manager shall adopt the Company's ESG Policy and shall adhere to the same level of ESG disclosures as the Company.

In respect of the Sub-Fund, the Sub-Investment Manager seeks to understand and identify material ESG factors that have investment ramifications, and which can have a material impact on the investment's long-term financial performance. The Sub-Investment Manager carries out an assessment and obtains information of ESG factors in respect of the individual investments in which it invests. This is done with a view to ensuring that ESG risk is identified and appropriately managed. As a result, the Company undertakes an assessment of the principal adverse impacts (each, a "**PAI**") of its investment decisions on ESG factors.

Please also refer to the Addendum included within this Offering Supplement entitled "**Pre-Contractual Disclosures**" for further details relating to the manner in which the Company takes into account Sustainability Risks in the investment decision making process of this particular Sub-Fund.

The Broker

Interactive Brokers have been appointed as Broker to the Sub-Fund. Interactive Brokers (U.K.) Limited, whose registered office address is situated at 1, Carey Lane, 5th Floor, London, operates as a subsidiary of IBG LLC, which provides online trading execution and clearing services for a range of electronically trading products including stock, options, futures, Forex, CFDs on various electronic exchanges and yarding venue worldwide.

Interactive Brokers has been appointed by the Sub-Fund to act as a Broker in respect of all financial securities. The Broker will be involved in the execution of all "Financial Instruments". The "Financial Instruments" shall at all times be entrusted to the Custodian, Swissquote Financial Services (Malta) Ltd., for safe-keeping. In this respect, the Custodian shall not delegate its safe-keeping function to Interactive Brokers, subject to the reporting obligations that are imposed on brokers.

Options and futures, on the other hand, are classified as "Financial Derivative Instruments" (FDIs) and are essentially contractual rights between the Fund and a third party and, as such, cannot be held in Custody. Accordingly, the Custodian's safe-keeping function in respect of such assets shall consist in ownership verification and record keeping.

Interactive Brokers shall provide the Custodian will full, continuous, and uninterrupted access to, and viewing rights in respect of any, and all, accounts and statements pertaining to Interactive Brokers' activities and services in respect of the Fund. The Broker shall properly identify, monitor, and disclose to the Custodian, as soon as reasonably possible, any potential conflicts of interest.

Interactive Brokers is a service provider to the Sub-Fund and is not responsible for the preparation of this document or the activities of the Sub-Fund and therefore accepts no responsibility for the information contained in this document other than the above description. Interactive Brokers does not (a) participate in the investment decisions of the Sub-Fund and does not (b) have any obligation to provide advice in relation to the management of the Sub-Fund's investments.

The Sub-Fund reserves the right to change the customer arrangement described above by the agreement with Interactive Brokers and, in its discretion, to appoint additional and/or alternative brokers. Prior doing so, however, the Fund shall obtain written consent of the Custodian and the MFSA.

The Depository's duties under the UCITS Directive shall not, in any way, be undermined due to its arrangement with the Broker.

Conflicts of Interest

Please refer to the Section entitled “Conflicts of Interest” in the Prospectus for an overview of potential conflicts of interest affecting persons involved the Company.

In addition, it should be noted that Mr. Sam Safavi and Mr. Raphael Ursi, members of the Investment Committee, are also directors of the Sub-Investment Manager. In accordance with the Terms of Reference of the Investment Committee as well as the Sub-Investment Manager’s conflicts of interest policy, any potential conflicts of interest will be declared by both Mr. Safavi and Mr. Ursi and a record thereof will be kept in the proceedings of the Investment Committee.

Fees Payable by the Sub-Fund

Investment Committee Fees

The members of the Investment Committee have waived their remuneration.

Sub-Investment Management Fee

The Company will pay the Sub-Investment Manager a Sub-Investment Management Fee of up to:

- 0.75% per annum in respect of the Class A EUR Accumulation Shares;
- 0.75% per annum in respect of the Class A EUR Distribution Shares;
- 1.50% per annum in respect of the Class B EUR Accumulation Shares; and
- 1.50% per annum in respect of the Class B EUR Distribution Shares.

The Sub-Investment Management Fee will accrue at every Valuation Day and shall be payable monthly in arrears.

The Sub-Investment Manager will be reimbursed for all properly incurred and approved out-of-pocket expenses.

Performance Fee

In respect of the Class A EUR Distribution Shares and Class A EUR Accumulation Shares

The Sub-Investment Manager shall also receive from the Company in respect of the Sub-Fund a performance fee (the "Performance Fee") on the appreciation in the Net Asset Value of the Sub-Fund over the previous High Watermark ("HWM"), adjusted for any dividend distribution, and multiplied by the number of Investor Shares in issue in the related class of Investor Shares at the end of the related Calculation Period. Each "Calculation Period" shall commence on the Business Day immediately following the last Dealing Day of each quarter and end on the last Dealing Day of the respective quarter.

The Performance Fee in respect of each Calculation Period will be calculated by reference to the Net asset Value excluding any accrued Performance Fee (i.e. the "Gross Asset Value" or "GAV").

For each Calculation Period, a Performance Fee shall be payable in an amount of 15% of the performance between the current NAV and the highest NAV of the previous quarter-ends (HWM). The HWM is the higher of (a) the Initial Offering Price, and (b) the highest NAV per share on which a performance fee was paid, reduced by the amount of any dividend distributions to align with the NAV.

When a dividend is distributed, the HWM will be reduced by the dividend amount, ensuring that subsequent NAV growth from the adjusted level is recognized as new performance. This approach ensures fair treatment by recognizing distributed dividends as realized performance for the investor, while treating any subsequent NAV growth as new profit, thereby justifying the application of the performance fee to this fresh growth.

For example:

Distribution Fund:

- Initial NAV = €100. The NAV grows to €110, with performance fees applied to this increase.
- A €10 dividend is paid, reducing the NAV to €100 and lowering the HWM accordingly.
- Subsequent growth in the NAV from €100 to €110 represents new performance, justifying a new performance fee.

Accumulation Fund:

- Initial NAV = €100, growing to €110 with performance fees applied on this growth.
- No dividend is paid, so the NAV remains at €110.
- Any further NAV increase to €120 generates a new performance fee on the additional growth.

In both cases, the manager is compensated solely for generating new profits, ensuring parity between accumulation and distribution funds.

The daily NAV calculation with performance fees guarantees equitable treatment for all investors, regardless of their entry or exit timing. The NAV is adjusted daily to reflect performance fees based on actual fund performance, ensuring an accurate reflection of accrued performance fees at any transaction point.

The Performance Fee will be calculated and accrued on every Valuation Day and is payable quarterly in arrears normally within 14 calendar days of the end of each Calculation Period.

Please refer to table 1 below:

Period	GAV	HWM	Performance	Performance fee	NAV	Average Number of Shares in issue	Total Performance Fee
	(a)	(b)	(c) = (a) - (b)	(d) = (c) x 15%	(e) = (a) - (d)	(f)	(g) = (d) x (f)

In respect of the Class B EUR Accumulation Shares and Class B EUR Accumulation Shares.

None.

Administration Fees

The administrator is to receive a variable rate of 0.06% of the NAV of the Sub-Fund per annum for the first €25 million, 0.05% for the next €25 million, 0.04% for the following €25 million, and 0.03% for any NAV exceeding €75 million. These percentage-based fees are subject to a minimum of €20,000 per annum.

The Administration Fee is calculated by reference to the Net Asset Value at each Valuation Point and shall be payable monthly in arrears.

In addition to the Administration Fee, the Administrator is also entitled to receive out of the assets of each Sub-Fund agreed upon fixed fees for the preparation of unaudited financial statements for the Sub-Fund, investor transactions and maintenance of investor accounts.

The Company shall be responsible for all disbursements and reasonable out-of-pocket expenses incurred by the Administrator in the proper performance of its duties.

Custody Fees

The Company will pay the Custodian, in respect of the Sub-Fund, a Custody Fee at the following rates:

If the value of the total net assets of the Sub-Fund is up to but less than EUR 10 million the Custody Fee shall be 0.10% per annum on the aggregate value of the assets of the Sub-Fund, subject to a minimum fee of EUR416.67 per month.

If the value of the total net assets of the Sub-Fund is larger than EUR 10 million but less than EUR 50 million the Custody Fee shall be 0.075% per annum on the aggregate value of the assets of the Sub-Fund, subject to a minimum fee of EUR1,000 per month.

If the value of the total net assets of the Sub-Fund is larger than EUR 50 million the Custody Fee shall be 0.035% per annum on the aggregate value of the assets of the Sub-Fund, subject to a minimum fee of EUR2,000 per month.

The Custody Fee shall be payable to the Custodian quarterly in arrears.

The Custody Fee shall be levied quarterly and will be based upon the average monthly closing balances for the quarter. The Custody Fee will be applied to the aggregate value of the assets, including assets the sub-funds may hold with sub-custodians, including deposits, with 3rd party banks.

The Sub-Fund shall be responsible for all approved disbursements and approved reasonable out-of-pocket expenses incurred by the Custodian in the proper performance of its duties.

Other Expenses

The Sub-Fund will also be subject to other fees, including its pro-rata share of the Directors' Fees (set at €5,000 per Director per annum), Company Secretary Fees, and other operating expenses relating to the Company generally, as set out in the Prospectus.

General Information

The Rights of Shareholders

The rights of Shareholders are stated in the Memorandum and Articles and in the Companies Act and include (inter-alia) the right to receive notice of, and to attend and to vote at, meetings of the Company as summarised below.

The Investor Shares in the Sub-Fund carry the right to one (1) vote per share at general meetings of the Company. The Investor Shares entitle Shareholders to participate in the movements, both positive and negative, in the value of the assets of the Sub-Fund as well as the receipt of dividends as set out hereunder.

The Founder Shares do not (for so long as there are any Investor Shares in the Company in issue) carry the right vote at general meetings of the Company but they have (together with the Board) the exclusive right to nominate Directors as eligible for appointment by the Company in general meeting. The Founder Shares do not carry a right to participate in any dividends or other distributions of the Company or in the assets of the Company on a winding up (other than to the surplus, if any, that may remain after payment of all amounts due to creditors and holders of the Investor Shares).

Share Capital and Accounts

All amounts received by the Company on the issue of Investor Shares, initially and subsequently, will be credited as share capital of the Company and will form part of the NAV of the Sub-Fund. Separate accounts are kept for the assets of the Sub-Fund.

Access to information

The Sub-Investment Manager may, with the consent of the Company, grant certain Shareholders, including, without limitation, those deemed to involve a significant or strategic relationship, additional information, and reporting. Such information and reporting may provide the recipient greater insights into the Company and the Sub-Fund's activities than is included in standard reports to Shareholders, thereby enhancing the recipient's ability to make investment decisions with respect to the Company and the Sub-Funds and with respect to the investment of its own assets.

Securities Financing Transactions and Total Return Swaps

The Sub-Fund currently does not make use of securities financing transactions, total return swaps, repurchase and reverse repurchase agreements and securities lending transactions.

Prior to entering into such transactions, Shareholders will be informed accordingly or this Offering Supplement will be revised to include such disclosure as is necessary to comply with the requirements of Regulation (EU) No 2015/2365 of the European Parliament and of the Council of 25 November 2015 on transparency of securities financing transactions and reuse and amending Regulation (EU) No 648/2012.

Fractional Shares

Fractional Shares will be issued up to four (4) decimal places.

Dividend Policy (Distribution Shares)

General

The Company will distribute an annual dividend in respect of the Distribution Shares in accordance with the Prospectus. It is envisaged, but no guarantee is given, that most or all of the net income of the Sub-Fund will be declared in the form of dividends.

Only those Shareholders listed on the Company's register of members at close of business on the last Business Day immediately preceding the relevant dividend cut-off date shall be entitled to receive the respective dividend payments for the relevant period. Payments shall be effected in the Base Currency.

Payment of a dividend will be made in the name of the Shareholder or, in the case of joint holders in the name of the first-named joint holder. Payment to the first-named joint holder shall be as effective a discharge to the Company and the Custodian as if such first-named joint holder had been a sole holder.

Payments of dividends will be made by crediting:

i. Payments of dividends will be made by crediting of the Shareholder's bank account;
ii. the re-investment in further Investor Shares.

Notwithstanding the foregoing, the Directors reserve the right to stipulate a threshold below which dividend payments will be automatically re-invested.

Where the Shareholder has opted for direct crediting of dividends and the relative direct credit is rejected for any reason outside the Administrator's control, the Administrator shall: (a) re-invest the proceeds of the direct credit, less any bank charges if applicable, in further Investor Shares of that Class and in the name of the Shareholder(s) on the next Subscription Day following the date that notice of the rejection was received; (b) be deemed to have been given notice from the Shareholder that any future dividends will be automatically re-invested, and the resulting Investor Shares added to the Shareholder's holding in accordance with the Prospectus; and (c) send a statement to the Shareholder reflecting the re-investment of the aforesaid dividend proceeds. Nonetheless the Shareholder may, at any time inform the Administrator of alternative arrangements for the direct crediting of subsequent dividends.

Shareholders may also elect to have their dividends (less any withholding tax deductible upon payment thereof) reinvested in further Investor Shares of that Class in the Sub-Fund. Reinvestment of dividends shall be effected on the next Subscription Day following the day on which the relevant dividend will be payable to the Shareholder and shall be effected at the applicable Offering Price.

If a Shareholder wishes to alter his instructions regarding the payment or re-investment of dividends, he should provide the Custodian and the Administrator with written instructions at least seven (7) clear Business Days prior to the relevant Dividend Cut-Off Date. The Company, the Sub-Investment Manager and the Custodian shall not be responsible for any loss or delay in transmission and dividends or any amount payable to Shareholders shall not bear interest against the Company.

Any dividend payments which remain unclaimed after a period of twelve (12) years from the date of payment shall then be transferred to and become part of the Sub-Fund's assets and neither the payee, Shareholder nor their successor(s) in title shall have any right thereto other than as part of the NAV per Share.

Shareholders entitled to receive dividend payments will, on or after the payment date, be sent a Dividend Certificate which shall include details in respect of the income distributed including, if required by any applicable legislation, a statement of how much of the amount to which they are entitled represents any tax deducted in respect of that income.

All payments are subject to any pledge of Investor Shares duly constituted and notified to the Company as well as to any applicable fiscal laws and regulations — your attention is drawn to the section in the Prospectus entitled "**Taxation**" and to the part hereof entitled "**Taxation**" hereunder.

All dividend payments shall be effected in accordance with the Licence Conditions or any other applicable MFSA requirements.

Allocation of Income

Pursuant to the Company's Memorandum and Articles, the income available for allocation in respect of the Distribution Shares is calculated by deducting all payable charges, fees, taxes, and other expenses from all income while taking into account the corresponding income equalisation. The Sub-Fund shall distribute the realised capital gains and other income (accounting for income equalisation) and shall in case there is no realized capital gain and other income, to distribute the unrealised capital gains.

Income Allocation Dates

Any income which stands to be allocated to the income account in respect of an interim accounting period shall be so allocated by not later than two (2) months after the end of each interim accounting period as specified in this Prospectus for the purposes of dividend distributions, and in respect of the Accounting Period, the allocation shall be made by not later than two (2) months after the end of the Accounting period.

Income Equalisation Account

The Offering Price of any Investor Shares generally contains an element representing the accrued income earned by those Investor Shares since the start of the relevant interim accounting period. This means that investors buying Investor Shares buy a percentage of net income, and the corresponding portion of the Offering Price (the equalisation payment) will be notionally credited by the Company to an equalisation account for the Sub-Fund.

The equalisation account will be maintained in order to ensure that equal amounts are distributed in respect of each Investor Share notwithstanding different dates of issue.

When an equalisation payment has been effected, any subsequent dividends in relation to the relevant Investor Shares shall include an amount corresponding to the aforesaid equalisation payments and paid out of the equalisation account. However, the said amount shall not be included as part of the dividend in the event that the Directors exercise their discretion (as described hereunder) not to consider equalisation when determining distributions.

The Redemption Price of any Investor Shares will also include an equalisation payment in respect of the net income of the Sub-Fund since the start of the relevant Interim Period up to the date of redemption, and upon the redemption of any Investor Shares based on that Redemption Price, a sum equal to that part of the Redemption Price of an Investor Share which reflects net income (if any) accrued up to its date of redemption will be deemed to be an equalisation charge and debited to the equalisation account.

In the absence of significant fluctuations between the redemption and issue of Investor Shares, the Directors may choose not to consider equalisation when determining distributions to Shareholders or to pay to such Shareholders any excess of equalisation credits over debits. Any fluctuations between redemption and issue of shares that could have an effect of one per cent (1%) or more on the NAV per Share shall be considered significant.

Sub-Fund Expenses

The fees and expenses incurred in connection with the establishment of the Sub-Fund, the application for licensing of the Sub-Fund, the preparation and publication of the Offering Supplement and all legal costs and out of pocket expenses in relation thereto shall be borne by the Sub-Fund.

Documents Available for Inspection

Copies of the following documents shall be available for inspection at the registered office of the Company or at the offices of the Administrator (see Directory at last page hereof) during normal business hours:

1. The Memorandum and Articles, and Certificate of Incorporation of the Company;
2. The latest Prospectus, and Offering Supplements for all Sub-Funds;
3. All PRIIPs KIDs;
4. The Sub-IMA;
5. The Depositary Agreement;

Environmental and/or social characteristics

Does this financial product have a sustainable investment objective? *[tick and fill in as relevant, the percentage figure represents the minimum commitment to sustainable investments]*

Yes	No
☐	☒

☐ It will make a minimum of **sustainable investments with an environmental objective:** ___%

- ☐ in economic activities that qualify as environmentally sustainable under the EU Taxonomy
- ☐ in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

☐ It will make a minimum of **sustainable investments with a social objective:** ___%

☒ It **promotes Environmental/Social (E/S) characteristics** and while it does not have as its objective a sustainable investment, it will have a minimum proportion of 5% of sustainable investments

- ☒ with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy
- ☒ with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy
- ☒ with a social objective

☐ It promotes E/S characteristics, but **will not make any sustainable investments**

Sustainable investment means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

What environmental and/or social characteristics are promoted by this financial product?

- The Fund promotes adherence to the 10 Principles of the UN Global Compact, the 17 UN Sustainable Development Goals (SDG's) and the UN Principles for Responsible Investing which are the frameworks which guides the management of the fund.
- The characteristics promoted by this financial product consist of investing in corporates with excellent Environmental, Social and Governance ratings while excluding companies involved in controversial products or activities with respect to animal welfare, fossil fuels, producing tobacco or military weapons as well as any company from the gambling sector. With respect to fossil fuels, companies active in coal, tar sands, oil shale, unconventional fossil fuels, deep sea drilling and arctic drilling are excluded.
- The data used may come from multiple sources, such as Sustainable Platform, CDP (Carbon Disclosure Project), Refinitiv, Factset, Bloomberg…

Sustainability indicators measure how the environmental or social characteristics promoted by the financial product are attained.

What sustainability indicators are used to measure the attainment of each of the environmental or social characteristics promoted by this financial product?

The sustainability indicators used to measure the attainment of these characteristics are :

a. GHG emissions scope 1, 2 and 3 as well as their evolution over time and the presence of emission reduction targets
b. The energy efficiency
c. Policy with respect to water and waste management
d. The contribution of the investee companies with respect to the 17 SDG's from the UN.
e. Whether the investee companies are signatories of the UN Global Compact.
f. Whether the investee companies are GRI compliant in their sustainability reporting.
g. The presence of policies with respect to environmental issues, human rights, child labour, anti-bribery and whistle-blower protection.
h. Board Gender diversity
i. The rate of accidents/injuries in investee companies

Principal adverse impacts are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

What are the objectives of the sustainable investments that the financial product partially intends to make and how does the sustainable investment contribute to such objectives?

The sustainable investments of the Fund mainly aim to further the transformation and decarbonization of the economy in order to mitigate the impact of climate change as well as to adapt to climate change. The sustainable investment objective is attained by mainly investing in companies that advance the following United Nations Sustainable Development Goals (SDGs): Affordable and clean energy goal (SDG 7), Decent work and economic growth (SDG 8), Industry, innovation and infrastructure (SDG 9), Sustainable cities and communities (SDG 11) and Climate action (SDG 13). Investments in Wind Power and solar photovoltaic energy production are considered as significantly contributing to climate change mitigation under the EU Taxonomy. Also, investments in companies that are substituting fossil fuels with low- or net-zero carbon fuels can make a substantial contribution to CO2 net emissions savings in the transport sector by enhancing climate neutral mobility.

How do the sustainable investments that the financial product partially intends to make, not cause significant harm to any environmental or social sustainable investment objective?

All investments qualifying as sustainable are screened against all relevant significant harm indicators under the EU Taxonomy. The Fund assesses the contribution of companies to the Sustainable Development Goals (SDG's) and monitors the Principal Adverse Impact indicators referred to in Annex I of the SFDR Delegated Act. The Fund also considers whether the sustainable investments are aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights through negative screening and the exclusion policy.

How have the indicators for adverse impacts on sustainability factors been taken into account?

The fund considers principal adverse impacts on sustainability factors as referred to in Annex I of the SFDR Delegated Act.
Pre-investment, the following principal adverse impacts on sustainability factors are considered:

- Via the applied normative and activity-based exclusions, the following PAIs are considered:
  - Exposure to companies active in the fossil fuel sector (PAI 4, Table 1)
  - Exposure to controversial weapons (anti-personnel mines, cluster munitions, chemical weapons (PAI 14, Table 1)
  - Violations of the UN Global Compact Principles and Organisation for Economic Cooperation and Development (OECD) Guidelines for Multinational Enterprises (PAI 10, Table 1)

- Via the ESG integration process, as part of the investment due diligence policies and procedures, the following PAIs are considered:
  - All indicators related to GHG emissions, as part of the required Climate Risk analysis (PAI 1-6, Table 1, PAI 4, Table 2)
  - Biodiversity, water and waste indicators (PAI 7-9, Table 1) when relevant for the sector
  - Board gender diversity (PAI 13, Table 1)

Post-investment, the following principal adverse impacts on sustainability factors are taken into account:

- All indicators related to Climate and environmental issues (PAI 1-9, Table 1)
- Indicators in related to social and employee matters (PAI 10-13, Table 1; PAI 1-2-4-6-9-10, Table 3)

How are the sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:

It is the purpose of the fund to only invest in investee companies which respect business and human rights and adhere to international norms and laws. All assets in the fund are screened versus some qualitative indicators such as the presence of policies on environmental issues, business ethics and human rights and which aim to respect international norms and regulation as laid out in the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights. In that respect, strong governance principles are key which is why the fund supports an independent, diverse board of directors and prefers that key committees such as audit, nominating and compensation committees be comprised of independent directors.

The EU Taxonomy sets out a "do not significant harm" principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific EU criteria.

The "do no significant harm" principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

Does this financial product consider principal adverse impacts on sustainability factors?

X Yes, The fund considers principal adverse impacts on sustainability factors as referred to in Annex I of the SFDR Delegated Act, both pre-investment as well as postinvestment (see explanation above). Upon investment and over the life of the product, we assess and monitor indicators that are deemed to indicate the presence of a principal adverse impact as per EU law, as far as we are able to collect data. We address adverse impacts by reducing or completely sell the exposure to investee companies which score below average on the principal adverse impact indicators, and which don't manage to improve on these indicators. When the AUM's of the fund will increase above EUR 50 million, we intend to delegate voting rights to proxy voting companies.

What investment strategy does this financial product follow?

The investment strategy guides investment decisions based on factors such as investment objectives and risk tolerance.

The sub-fund's assets are invested in equities of companies that have an Environmental, Social and Corporate Governance (ESG) focus. Within the security selection process, the subfund applies generally accepted strategies for the implementation of the ESG approach. The ESG performance of a company is evaluated independently from financial success based on a variety of indicators, which consider ecological and social objectives as well as corporate governance. For the assessment, transparency as well as the product and service range of a company will be taken into consideration. The Sub-fund's approach is to be a long-term investor in its chosen stocks. It will not adopt short-term trading strategies. The investment process comprises two different sets of selection criteria: 1) The first selection process will follow stringent investment criteria in selecting securities for the Sub-fund's investment portfolio. These criteria aim to ensure that the Sub-fund invests in high quality companies:

- That realize a high and sustainable return on operating capital employed;
- That realize high and sustainable free cash flows;
- Who dispose of competitive advantages which are difficult to replicate;
- Which do not require significant leverage to generate returns;
- With a strong growth profile;
- That are resilient to change, particularly technological innovation;
- Whose valuation is considered by the Sub-fund to be attractive.

In a second phase, the shortlisted equities will be screened on the ESG parameters and final selection will be made in line with the internal ESG policy of the Investment Manager.

- Within this process, the fund starts with excluding companies involved in controversial products or activities with respect to animal welfare, fossil fuels, producing tobacco or military weapons as well as any company from the gambling sector. With respect to fossil fuels, companies active in coal, tar sands, oil shale, unconventional fossil fuels, deep sea drilling and arctic drilling are excluded.

Then, the fund considers ESG factors by focusing on the potential impact of ESG issues on company financials.
Environmental issues concern any aspect of a company's activity that affects the environment

in a positive or negative manner. Examples include greenhouse gas emissions, renewable energy, energy efficiency, resource depletion, chemical pollution, waste management, water management, impact on biodiversity, etc.

Social issues vary from community-related aspects, such as the improvement of health and education, to workplace-related issues, including the adherence to human rights, nondiscrimination and stakeholder engagement. Examples include labour standards (along the supply chain, child labour, forced labour), relations with local communities, talent management, controversial business practices (weapons, conflict zones), health standards, freedom of association, etc.

Governance issues concern the quality of a company's management, culture, risk profile and other characteristics. It includes the board accountability and their dedication towards, and strategic management of, social and environmental performance. Furthermore, it emphasises principles, such as transparent reporting and the realisation of management tasks in a manner that is essentially free of abuse and corruption. Examples include corporate governance issues (executive remuneration, shareholder rights, board structure), bribery, corruption, stakeholder dialogue, lobbying activities, etc.

The assessment of the ESG factors by the companies is being done through various sustainability indicators, as well as by monitoring the PAI's (Principal Adverse Impact indicators) as defined by the RTS (annex supplementing Regulation (EU) 2019/2088) whereas we want to solely invest in companies that belong to the top-half of their sector with regards to their environmental impact and respect for social matters. For this, we rely on data providers, such as Sustainable Platform, CDP, Bloomberg, Factset or Refinitiv. In the end, we aim to construct a portfolio that reaches a sustainable development profile that is clearly above the average of the universe, both as to the contribution to the 17 SDG's of the UN, as with respect to the PAI's as defined by the RTS.

The selection criteria of MFP Sicav plc Raphael's Flexible Equity fund follows a best-in-class approach, but at least the fund will invest in companies that overall, on the 3 dimensions of Environmental, Social and Governance have a scoring that put it in the best 50th percentile of the Investment Universe. Exceptions can be made as some companies could be very close to the threshold and moving in the right directions or because we lack some data. Therefore, on a fund level, at least 80% of the fund's assets, excluding cash, must fulfill the ESG criteria that put it in the best 50th percentile of the Investment Universe. Furthermore, the different sustainability indicators mentioned previously are monitored continuously and the fund will invest in the companies that have a good scoring on the sustainability indicators while setting targets for improvements on their GHG emissions.

Compliance with the characteristics is monitored on a regular basis.

- ***What are the binding elements of the investment strategy used to select the investments to attain each of the environmental or social characteristics promoted by this financial product?***

  The exclusion of companies involved in controversial products or activities with respect to animal welfare, fossil fuels, producing tobacco or military weapons as well as any company from the gambling sector is a binding element.

- ***What is the committed minimum rate to reduce the scope of the investments considered prior to the application of that investment strategy?***

  As at least 80% of the fund's assets, excluding cash, must fulfill the ESG criteria that put it in the best 50th percentile of the Investment Universe, the implementation of the selection criteria leads to the exclusion of around 50% of potential investments.

Good governance practices include sound management structures, employee relations, remuneration of staff and tax compliance.

What is the policy to assess good governance practices of the investee companies?

Good governance practices are assessed by a variety of indicators comprising Tax compliance, the remuneration policy, policies with respect to human rights, policies with respect to bribery & anti-corruption, including whisteblower protection. The investee companies are rated for governance aspects using the Sustainalytics ratings, which are complemented by a qualitative analysis based on available information from the company itself, as well as other sources such as Bloomberg. In that respect, an independent, diverse board of directors is considered positively as well as key committees such as audit, nominating and compensation committees that comprise independent directors.

Asset allocation describes the share of investments in

[include note only for financial products referred to in Article 6 of Regulation (EU) 2020/852

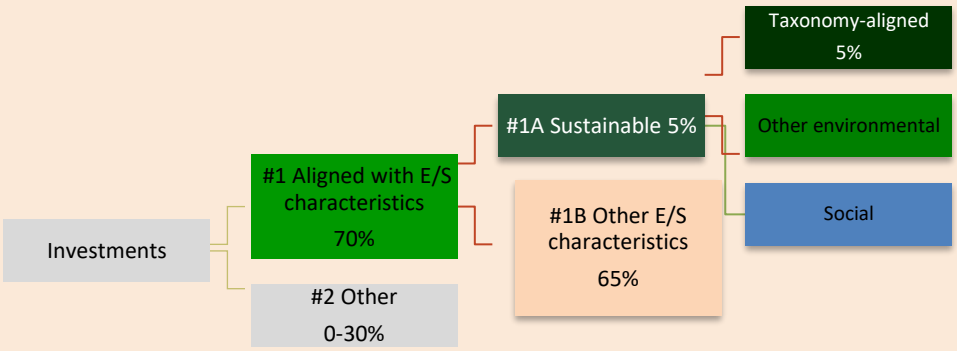
Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies
- **capital expenditure** (CapEx) showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure** (OpEx) reflecting green operational activities of investee companies.

What is the asset allocation planned for this financial product?

The fund invests in direct holdings. In order to meet the environmental or social characteristics promoted, the fund generally invests about 70% of its assets in companies that fulfill the ESG criteria. Hence, 70% of the investments are aligned with the social or environmental characteristics. This includes at least 5% of the total investments that are qualified as Taxonomy-aligne sustainable investments. 30% of the investments do not incorporate any environmental or social characteristic. These figures are not a target allocation but rather a pre-contractual minimum percentage.

[Include only relevant boxes, remove irrelevant ones for the financial product]



#1 Aligned with E/S characteristics includes the investments of the financial product used to attain the environmental or social characteristics promoted by the financial product.

#2Other includes the remaining investments of the financial product which are neither aligned with the environmental or social characteristics, nor are qualified as sustainable investments.

[include the note below where the financial product commits to making sustainable investments]

The category **#1 Aligned with E/S characteristics** covers:

- The sub-category **#1A Sustainable** covers sustainable investments with environmental or social objectives.
- The sub-category **#1B Other E/S characteristics** covers investments aligned with the environmental or social characteristics that do not qualify as sustainable investments.

***How does the use of derivatives attain the environmental or social characteristics promoted by the financial product*?**

The Fund doesn't uses derivatives to attain environmental or social characteristics but uses derivatives for hedging and/or efficient portfolio management while the underlying instruments are often broad equity indices

[include note only for the financial products referred to in Article 6, first paragraph, of Regulation (EU) 2020/852]

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emissions and switching to renewable power or low-carbon fuels by the end of 2035. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

To what minimum extent are sustainable investments with an environmental objective aligned with the EU Taxonomy?

The Fund will assess the alignment with the EU taxonomy based on the KPI's that will be published by investee companies.

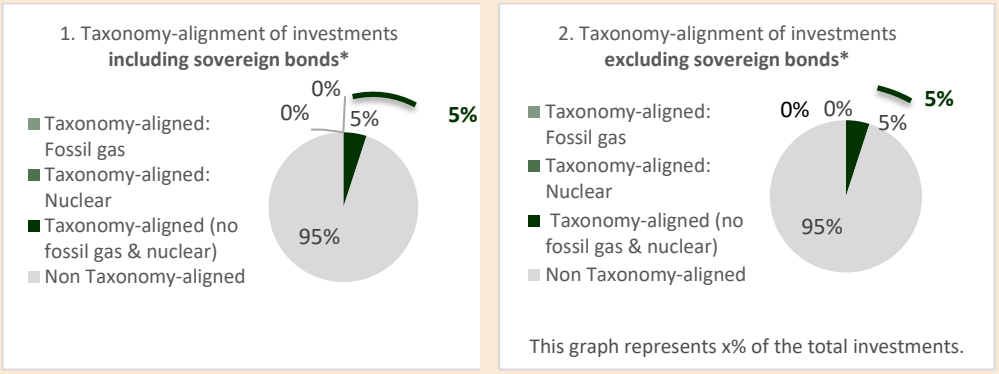
- **Does the financial product invest in fossil gas and/or nuclear energy related activities that comply with the EU Taxonomy[1]?**

  Yes: *[specify below, and details in the graphs of the box]*
  In fossil gas In nuclear energy

  X No

The two graphs below show in green the minimum percentage of investments that are aligned with the EU Taxonomy. As there is no appropriate methodology to determine the Taxonomy-alignment of sovereign bonds*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.

[only include in the graphs the figures for Taxonomy aligned fossil gas and/or nuclear energy as well as the corresponding legend and the explanatory text in the left hand margin if the financial product makes investments in fossil gas and/or nuclear energy]



* *For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures.*

- ***What is the minimum share of investments in transitional and enabling activities?***

  0%.

What is the minimum share of sustainable investments with an environmental objective that are not aligned with the EU Taxonomy?

0%. While the fund is committed to a minimum level of sustainable investments overall, no allocation between environmental and social objectives has been determined in advance.

[include note for financial products referred to in Article 6, first paragraph, of Regulation (EU) 2020/852 that invest in environmental economic activities that are not environmentally sustainable economic activities]

are sustainable investments with an environmental objective that **do not take into account the criteria** for environmentaly sustainable economic activities under the EU Taxonomy.

[1] Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change ("climate change mitigation") and do not significantly harm any EU Taxonomy objective - see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

What is the minimum share of socially sustainable investments?

0%. While the fund is committed to a minimum level of sustainable investments overall, no allocation between environmental and social objectives has been determined in advance.

What investments are included under "#2 Other", what is their purpose and are there any minimum environmental or social safeguards?

The category "#2 Other" will mainly be attributable to holding cash which traditionally represents about 20% of the portfolio. The fund will not invest in companies that are not aligned with the 10 Principles of the UN Global Compact. However, the fund might lower their minimum tresholds for company selection if it believes that the company is putting efforts to improve on the ESG criteria.

Is a specific index designated as a reference benchmark to determine whether this financial product is aligned with the environmental and/or social characteristics that it promotes?

No

[include note for financial products where an index has been designated as a reference benchmark for the purpose of attaining the environmental or social characteristics promoted by the financial product]

Reference benchmarks are indexes to measure whether the financial product attains the environmental or social characteristics that they promote.

- ***How is the reference benchmark continuously aligned with each of the environmental or social characteristics promoted by the financial product?***
  N/A
- ***How is the alignment of the investment strategy with the methodology of the index ensured on a continuous basis?***
  N/A
- ***How does the designated index differ from a relevant broad market index?***
  N/A
- ***Where can the methodology used for the calculation of the designated index be found?***
  N/A
